

Quick Start Guide to Business Mobile Banking

Getting Started

1. Download State Bank Business Mobile Banking from the [iTunes](#) or [Google Play](#) app store.

Scan the QR Code for your device:

2. Log in using your Business Online Banking username and password. If you use a token to access Business Online Banking, follow the same procedure to access the app.

The default Mobile Deposit limit is \$5,000. If you wish to discuss increasing this limit or you currently use remote deposit capture and wish to add mobile deposit access, please contact your Treasury Management Officer.

Home Screen

Accounts

View your account balances, recent activity and images of cleared checks and deposits. Transactions are available as far back as the previous statement cycle.

Transfer

From established templates, initiate internal transfers, single item ACH origination and wire requests. New templates must be created on our full website.

Deposit

Access Business Mobile Banking. The app will guide you through the deposit process. A \$0.50 per deposited item fee applies (1 check per deposit).

Payments

If enrolled in State Bank Business Bill Pay, make payments to existing payees and review payment history. New payees must be added on our full website.

Approvals

Approve or reject internal transfers, ACH originations, and wire transfer requests initiated by others that require your review.

Navigation

As you navigate through the app, new navigation tabs will be created for each menu and sub-menu you access. Use these tabs to quickly and easily navigate backwards if needed.

Please note that the availability of features depends upon what permissions you have in Business Online Banking. For example, if you cannot make transfers in Business Online Banking – you will not have a Transfers option.

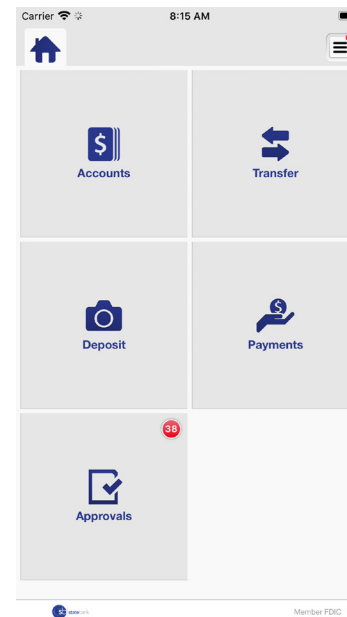

Home Button

Touch to return to Home Screen.

Settings

Sign out of the app.
